

TOUCHING LIVES POSITIVELY THROUGH TECHNOLOGY

Engineered to Matter

About

The Neterwala Group is a professionally run and managed business enterprise with over seven decades of steadfast growth. The group is technologically robust with diverse manufacturing interests in Metallurgy, Aerospace precision casting & machining, Environment, Oil & Gas minerology, Engineering and Agriculture.

CORE VALUES GUIDING OUR PATH

Customer Centricity

Driven by passion and customers, we use technology to positively impact every stakeholder.

Creativity

We foster diversity in our teams and apply multi-faceted expertise to innovate.

Collaboration

We collaborate closely with stakeholders to build trust and co-create meaningful solutions.

Change

We lead through connectedness, continuously learning, adapting, and evolving.

Care

We take pride in ethical, transparent business with a strong sense of social responsibility.

MULTIPLE INDUSTRIES, ONE PURPOSE

Since 1972

Centrifugal & Static Casting

Uni Abex Alloy Products

Uni Abex is a pioneer in India's centrifugal and static alloy castings for heat, wear and corrosion resistant applications, serving the petrochemical, fertiliser, iron & steel, DRI and separation industries. The company is publicly listed on the Bombay Stock Exchange.
